

"THE WHITE WINGED PIGEONS NOW ARE HERE, THE FINEST SHOOTING OF OUR YEAR."

When you think of hunting, you naturally think of ammunition, that causes you to think of the GUN STORE—that's us. We handle a number of different grades of ammunition for shotguns—all freshly loaded; state ammunition is dangerous and occasionally blows up shotguns.

Our best and most expensive shotgun cartridges are our hand-loaded, loaded fresh to your order, using fresh shells, powder, wads, etc., and will be found to give best results and "kick" less than factory loads of same quantities of powder and shot.

The best factory loads are the U. M. C. Arrow brand, the kind that W. D. Tanner and J. M. Aiken used at the four-day tournament here during the Fair, and won the high average and nearly all the medal events. Of course we sell these loads.

The Nitro Club U. M. C. load is our medium priced load and for a 65¢ load, it has no equal. We might add we have about 25,000 shells in stock and a standing order for 25,000 to be shipped every two weeks from factory from now till January first.

PINNEY & ROBINSON,
40 N. Center St. PHOENIX

ORDINANCE NO. 382.

An Ordinance Prescribing the Form of Bond for an Issue of \$300,000 Water Bonds of the City of Phoenix.

The Common Council of Phoenix do ordain as follows:

Section 1. That the \$300,000 Water Bonds of the City of Phoenix authorized by Ordinance No. 349, approved February 1904, and sold under Resolution No. 263 passed 2nd November, 1905, be issued in substantially the following form to-wit:

United States of America
Territory of Arizona
City of Phoenix
Water Bond

No. \$1000.
The City of Phoenix, in the Territory of Arizona, for value received promises to pay to bearer the sum of ONE THOUSAND DOLLARS in gold coin of the United States of America of the present standard of weight and fineness on the first day of June, 1931, with the privilege of prior payment as hereinafter provided, with interest thereon at the rate of 5 per cent per annum, payable semi-annually on the 1st days of January and July of each year upon presentation and surrender of the annexed coupons as they severally mature, both principal and interest being payable at the American Exchange National Bank, in the City of New York.

This bond is one of a series of 300 bonds of like tenor and denomination, numbered from 1 to 300 inclusive issued under and by virtue of an Act of Congress entitled "An Act to amend an Act to prohibit the passage of local or special laws in the Territories to limit Territorial indebtedness, and so forth" approved 4th March 1898 and of ordinances of the Common Council of the said City duly passed and approved and published. The issue hereof has been authorized at an election duly warned and held at which two-thirds of the qualified voters of the City being qualified electors and owners of real or personal property subject to taxation therein voted affirmatively for the issue hereof.

The Common Council of the City of Phoenix reserve the right to pay off in their numerical order at the rate of \$30,000 per annum from and after the expiration of 15 years from the date hereof the bonds of the series of which this bond is one by notice given according to the provisions endorsed hereon.

It is hereby certified that every requirement of law relating to the issue hereof has been duly complied with and that this bond and the debt created hereby are within every debt and other limit prescribed by law.

In Witness Whereof the said City of Phoenix has caused this bond to be signed by its mayor and attested by its city recorder, and the seal of the said city to be hereto attached and the said interest coupons to be signed by the fac simile signatures of the said mayor and city recorder this first day of June, 1906.

LEWIS W. COGGINS, Mayor.
Attest: FRANK THOMAS, City Recorder.
(Form of Coupon)

\$25.
On the 1st day of January (July) 19— the City of Phoenix, Arizona, will pay the bearer \$25.00 in gold coin of the United States of America of the present standard of weight and fineness at the American Exchange National Bank, in the City of New York, for six months' interest on its Water Bond No. — unless said bond shall have been previously redeemed as therein provided.

LEWIS W. COGGINS, Mayor.
Attest: FRANK THOMAS, City Recorder.
(Endorsement)

Provisions for Prior Payment.
In order to pay off this bond before maturity as herein provided the City of Phoenix shall give notice of its intention to do so on a specified day, by publishing such notice for a period of ten days before such specified day in one newspaper published daily in each of the cities of Phoenix, Cincinnati and New York, and thereupon after the day so specified, interest hereon shall cease unless payment hereof shall be refused after presentation on or after such specified day pursuant to such notice.

Section 2. The first and last coupons shall be for the period of one month and five months respectively and the terms thereof shall be varied accordingly. The phrase "unless said bond shall have been previously redeemed as therein provided" shall appear only on such coupons as mature subsequent to the date on which the bonds to which they are attached become redeemable.

Section 3. All ordinances and resolutions so far as they are in conflict with the provisions of this ordinance are hereby repealed.

This ordinance shall take effect and be in force from and after its passage approval and publication according to law.

Passed by the Common Council of the City of Phoenix this 14th day of May, 1906.

LEWIS W. COGGINS, Mayor.
Attest: FRANK THOMAS, City Recorder.

A FLOOD OF WATER IN THE ARIZONA CANAL

A Head of 6,000 Inches at the Intake Yesterday.

More good news came from the Arizona head yesterday morning. It was telephoned in and at the time of the message there was a volume of 6,000 inches flowing through the intake into the canal, or an increase of 1,000 inches over the last former report. At the same time the flow at Evergreen was 5,000 inches, the increase at the head not having reached that point in the canal yet. This increase in the canal is from the work of puddling and chinking up the dam that has been in progress with a force of forty men for the last four days, or since Mr. Collins came to town to report. This information was sent by Mr. Collins, who returned to the head Tuesday night.

Mr. Collins said also that twenty of his men left on Monday, believing the work to be practically finished and not knowing anything about the plan for building a higher dam. He therefore asked that another force of twenty men be sent him to proceed with that work. With the dam raised eighteen inches higher there can be no doubt that at least 2,000 inches additional will be secured and that in a very few days.

The work of irrigating goes along uninterruptedly and satisfactorily. Water was running yesterday in lateral 19 and today will be in lateral 20. Not later than Friday morning the third irrigation will begin and this is designed to give the land a thorough soaking. It is expected that by the end of next week every acre that is represented in the Arizona Canal Water Users' association will have all the water it can absorb at the time of the run.

There have been one or two complaints from the west end concerning the manner of irrigation, but they doubtless grew out of the fact that the complainant did not fully understand the plan. The complaint was that the water did not run long enough to thoroughly wet the land. It should be understood by all that the plan was to use the water as economically as possible and use it where it would do the most good. Therefore the first run was for stock water only. There were some farmers whose cattle and hogs had not had water for several days when the first run was begun. It was life and death for this stock, and the first run was devoted entirely to the filling of the water holes. Next came the orchards. They did not need a flood to begin with but they had to have a little water very soon. The second run, therefore, was for the fruit trees mainly and a slight wetting of the farm lands on those areas where there were no trees yet were entitled to the same flow of water for having paid equally as much and being also in distress. And now the third run, which will begin Friday, is for the purpose of giving every farmer all the water he needs for any legitimate purpose.

Muffins that Fairly Melt in Your Mouth

Just the thing to tempt the appetite for breakfast, luncheon or supper. Light and dainty—with a flavor beyond compare. Made with

Carnation Cream

(Sterilized)

Nothing but pure milk and cream, minus the gums and water. Its high percentage of butter-fat gives to cooking that much desired richness and savoriness.

Carnation Muffins
One pint flour, 1 egg, 1 tablespoonful sugar, a half teaspoonful baking powder. Beat eggs, cream, sugar and salt to make a batter. Add milk. Beat well. Pour into hot muffin tin which has been well buttered, and bake in a quick oven. Try with a broom straw. If straw comes out dry, they are done.
